## Washington State Patrol Independent Investigation Team

**Olympia** – This is an update to the original Washington State Patrol (WSP) Independent Investigation Team (IIT) press release on July 23, 2020. WSP IIT is sending out this release as the required weekly update regarding the independent investigation into the death of Mr. Manuel Ellis. Mr. Ellis died while in the custody of Tacoma Police Department on March 03, 2020.

**The WSP Independent Investigation continues to move forward in collecting the facts of this case. Detectives are working to schedule the last remaining interviews that are relevant to the case.**

*This update is required in compliance with WAC 139-12, which mandates weekly updates be sent out by the lead investigative agency in investigations where a Washington State Peace Officer uses deadly force in the capacity of his or her law enforcement duties. These updates are required even if no new information is available at the time of the update.*

Previous press releases can be found at <https://www.wsp.wa.gov/press-releases/>

With the passage of [Washington State Initiative 940](#) in 2018, and [Substitute House Bill 1064](#) in 2019, incidents where the use of deadly force by a peace officer results in death, substantial bodily harm, or great bodily harm require an independent investigation. This investigation must be conducted in the same manner as a criminal investigation and state law now requires an "independent investigation" completely independent of the involved agency.

Currently, the WSP has established a family liaison, met with the Office of the Attorney General, and selected three community representatives who are responsible for the vetting of the IIT certified law enforcement investigators assigned to the case.

The process moving forward is the IIT will develop and follow an investigative plan that will ensure all of the facts of the case are gathered systematically and thoroughly. Once completed, the case will be turned over to the Office of the Attorney General for review and determination of any appropriate charges.

Weekly updates will be provided as the investigation continues. The policies and operating procedures of the IIT are available to the public at: <https://www.wsp.wa.gov/about-us/our-mission/> or directly at: <https://www.wsp.wa.gov/wp-content/uploads/2020/07/CID-IIT-Protocol.pdf>
