8(a) Business Development Program
Ana Singh - Seattle SBA District Office
8(a) Business Development Program

**Nine-year program** created to help socially and economically disadvantaged entrepreneurs gain access to—and succeed in—the federal marketplace.

**Build capacity** and grow through contracts.

**Access** to business development support.
Program Overview

- Businesses that participate in the 8(a) BD Program receive training and technical assistance, business development services, exclusive access to reserved federal contracting opportunities, and a unique opportunity for direct contract awards.

- Federal contracting officers see 8(a) certification as a valuable asset. They understand that 8(a) certification represents exclusive access to uniquely qualified small disadvantaged business entrepreneurs who are ready to do business with the federal government.
Benefits

• Efficiently compete and receive set-aside and sole-source contracts
  • $7M manufacturing and $4.5M for all other acquisitions

• Receive one-on-one business development assistance for their nine-year term from dedicated Business Opportunity Specialists focused on helping firms grow and accomplish their business objectives

• Pursue opportunity for mentorship from experienced and technically capable firms through the SBA Mentor-Protégé program

• Connect with procurement and compliance experts who understand regulations in the context of business growth, finance, and government contracting

• Pursue joint ventures with established businesses to increase capacity

• Qualify to receive federal surplus property on a priority basis

• Receive free training from SBA’s 7(j) Management and Technical Assistance program
Eligibility Requirements

• Be a small business (as defined by https://www.sba.gov/size-standards)
• Not have previously participated in the 8(a) BD program
• Be at least 51 percent owned and controlled by U.S. citizens who are socially and economically disadvantaged
• Have a personal net worth of less than $850K, adjusted gross income of $400K or less, and assets totaling $6.5 million or less
• Have all its principals demonstrate good character
• Demonstrate the potential for success such as having been in business for two years
• Have the owner manage day-to-day operations and also make long-term decisions
Two Years in Business

SBA requires a business to be operating for at least two years in order to qualify for the 8(a) BD Program.

SBA may waive the two year rule if you have:

- Business management experience
- Technical expertise
- Adequate capital
- Successful past performance
- Ability to meet requirements
Designated Socially Disadvantaged Criteria

**Designated Groups**

- Black American
- Asian Pacific American
- Hispanic American
- Native American
- Subcontinent Asian American

**Non-Designated Group Criteria**

- Preponderance of evidence
- Race, ethnicity, gender, physical handicap, long-term environmental issues
- Chronic and substantial social disadvantaged
- Negative impact to business advancement
Economically Disadvantaged Requirements to Qualify

- Personal net worth (assets minus liabilities) less than $850,000*
- Adjusted gross income of $400k or less
- Fair market value of all assets is $6.5 million or less

*Personal net worth excludes equity in business, personal primary residence, funds reinvested in IRA, or other legitimate retirement accounts
Is Your Business 8(a) Ready?

- Does the government... buy what you sell?
- Do you have... federal contracting experience, cash, inventory, working capital?
- Are you capable... of fulfilling a government contract?
- Do you know... where to find contracting opportunities?
When Should You Apply?

Are You Ready?

- Do you have the **CAPACITY** to deliver on federal contracts?
- Do you have sufficient **CASH FLOW**?
- Do you have demonstrated **CAPABILITY** (past performance)?
- Can you demonstrate successful **PAST PERFORMANCE**?
- Are you open to **ADVICE** on growing your business?
Some firms may be eligible for the 8(a) BD Program, but they are not ready to contract with the federal government.

Businesses interested in applying for 8(a) certification can get a preliminary assessment of whether the 8(a) BD Program is right for them by using the “Am I Eligible” tool on the https://certify.sba.gov/am-i-eligible.
How to Apply

• **Get local assistance** and find out if you are ready to apply by meeting with an SBA BOS or Procurement Technical Assistance Center counselor.

• Register your business in the [System for Award Management](https://sam.gov) (SAM).

• Make sure to apply for 8(a) certification at [certify.sba.gov](https://certify.sba.gov). Before you start, visit the Knowledge Base on the Certify website where you can find helpful resources including the application guide to assist with gathering necessary documentation, as well as completing and submitting your application.
Monthly Call – Eligibility Assistance

Members of the 8(a) team answer questions on a monthly basis to help firms navigate the certification process, including program benefits and eligibility requirements for 8(a) certification.

Women-Owned Small Business Federal Contracting Program  
(WOSB Federal Contracting Program)
Selling to the Federal Government

- FY 2022 – over $10.7 Billion* in federal contracts awarded to firms located in Washington state
- Over $2 Billion* went to small businesses located in Washington state

Top five federal agencies buying in Washington State (from small businesses)
- Department of Defense (DOD)
- Department of Agriculture (USDA)
- Department of Veterans Affairs (VA)
- Department of Energy (DOE)
- Department of the Interior (DOI)

- Opportunities as a subcontractor to prime contractors

*Figures from USA Spending
Set-Asides for Certification Programs and Socioeconomic Categories

Targeted set-asides and acquisition goals:

- Women-Owned Small Businesses (5%)
- Small Disadvantaged Businesses (including 8(a) certified) (13%)
- HUBZone Businesses (3%)
- Service-Disabled Veteran-Owned Small Businesses (3%)

Set-asides are reserved for small businesses between $10,000 (Micro-purchase Threshold) to $250,000 (Simplified Acquisition Threshold).
Women-Owned Small Business (WOSB) Certification Eligibility
WOSB Federal Contracting Program

Take advantage of annual prime contracting goals

Build capacity and grow

Access set-asides for WOSBs and EDWOSBs
Is the WOSB Certification Appropriate for You?

Managerial experience
Highest officer position
Proper NAICS codes

51% ownership requirements
Management of daily operations
No minimum time in business
Economically Disadvantaged Requirements to Qualify

- Personal net worth (assets minus liabilities) less than $850,000
- Three-year average income is $400,000 or less
- Fair market value of all assets is $6.5 million or less
WOSB Application Process

• Firm registers in SAM.gov
• Firm registers in beta.certify.sba.gov and claims business
• Firm completes application on beta.certify.sba.gov and uploads appropriate documents for EDWOSB or WOSB

Submission of Application

Screening

• SBA receives submission & conducts a “check” of all documents
  • If valid, proceeds to next step, notifies firm of a complete application.
  • If invalid document(s), screener issues a deficiency letter returning the application or submits request for information (RFI).

Analyst Review

• Reviews eligibility, ownership, and control – 90-day process begins
• Reviews financials for EDWOSB
• May conduct request for information (RFI)
• Submits a final recommendation

Director Decision

• Makes final decision to approve or deny
• Issues signed and dated letter to firm
• Letter marks official date of entry into WOSB program
Issuing Decisions on Certification

- Application Submitted – Dashboard will update
- SBA will notify you of a complete, sufficient application package within 15 days.*
- SBA will make determination within 90 calendar days after a receipt of a complete application, when applicable.

*An SBA representative may reach out if additional information or documentation is required.
On the **homepage**, you can:

- Updated checklists that provide guidance prior to applying
- Verify eligibility
- Find answers to questions regarding your firm’s ability to participate in a program
- Request information from SBA by submitting the Help form
- Create an account and proceed with your application
- Access the [beta.certify.sba.gov knowledge base](https://beta.certify.sba.gov) including training videos, user guides, and more
Prepare tab - Updated checklists that provide guidance prior to applying

Prepare to apply for the Woman Owned Small Business (WOSB) Program

These checklists identify the documents that applicants will be required to submit in the application process. The beta Certify application process is easier when applicants gather these documents before starting the application. Within the checklists outlined below the required documents have been organized by the “cards” that will be filled out for the certification application.

Women-Owned Small Business (WOSB) Preparation Checklist
Economically Disadvantaged Women-Owned Small Business (EDWOSB) Preparation Checklist

Women-Owned Small Business (WOSB) Checklist

Qualifying individual(s) include one or more women claiming 51% ownership

- Active registration in the System for Award Management for the firm, available at SAM.gov
  (Note: The firm’s DUNS number and EIN, and MPIN must exactly match SAM registration)
  Note: SAM.gov registrations should be for the purposes of “All Awards” and not limited to “Loans and Grants”

SBA Basic Eligibility Card
Access the beta.certify.sba.gov knowledge base including training videos, user guides, and more.
WOSB Application Tips & Tricks

1. Ensure you are creating your beta.certify account with the woman owner’s login.gov account

2. Ensure the woman owner is listed as the Government POC in SAM

3. **DO NOT** submit multiple help tickets to the help desk

4. **DO** review the document checklist and resume guidance prior to submitting your application
Contracting
WOSB Local* Prime Contracting–FY 22**

- **Prime Contract Dollars in Washington State:** $303 million
- **Number of awardees:** 387 WOSB prime contractors in Washington State

Veteran Small Business Certification Program (VetCert)

sba.gov/vetcert

veterans.certify.sba.gov
• **Goal:** Increase the VOSB and SDVOSB industrial base

• **Objectives:**
  
  – **Simplify** the preparation and submission of certification documentation and data
  
  – **Streamline** the certification review process without compromising due diligence
  
  – **Shift** resources and funding from certification activities to training and growth activities

• The program is a top priority for SBA Administrator Isabella Casillas Guzman to ensure that veteran and service-disabled veteran business owners receive their certification and have access to the federal marketplace.

VOSB = Veteran-Owned Small Business
SDVOSB = Service-Disabled Veteran-Owned Small Business
Veteran Small Business Certification Program

- The National Defense Authorization Act of 2021 officially requires VA's CVE responsibilities to be transferred to the SBA as of Jan 1, 2023, and for the SBA to establish a government-wide certification program.

- The SBA program name for certifying VOSBs and SDVOSBs is the Veteran Small Business Certification Program, or VetCert.

- The final rule for the program was published on November 29, 2022, in the Federal Register.

- The program launched to the public and began accepting new applications on January 9, 2023.
  - Veterans.certify.sba.gov
Highlights of the New SBA Certification Program

- Along with the transfer to the SBA, there are changes to both the process and system to receive certification and make it easier for owners to have someone assist them in preparing their application.
- After the grace period expires for SDVOSBs, all VOSBs and SDVOSBs will be expected to be certified by the SBA to receive sole source or set aside awards from federal agencies.
- Agencies will continue to receive SDVOSB goaling credit for awards made to self-certified SDVOSB on non-SDVOSB set aside or sole source contracts. The SBA intends to reevaluate self-certification for goaling purposes once this program is launched.
- The SBA VetCert program provides reciprocal certification for businesses with remaining eligibility in the WOSB and 8a programs.
- Business-friendly approach to ownership requirements that aligns veteran certifications with the 8a and WOSB programs.
- Joint ventures do not require certification although the managing partner must be SBA certified and the joint venture must request designation.
Policy Highlights – Key Changes

• SDVOSBs need to be certified by the SBA to receive sole-source or set aside contracts from any federal agency
  – SDVOSB government-wide goal is still 3%
  – Agencies can still rely on self-certification for goaling purposes

• VOSBs continue to need to be certified for sole-source and set aside contracts from the VA under its Vets First Authority
  – Other federal agencies do not have a mandate or authority to award contracts to VOSBs

• The SBA has both the certification system (for small businesses to apply/reapply) and the search tool (for the public & acquisition professionals)
  – SAM.gov will not accurately reflect SDVOSB/VOSB certification status

• WOSB and 8(a) firms will have their certifications recognized if the qualifying individual(s) are the same across programs
Policy Highlights – Key Changes (cont.)

- **One Year Extension** - Companies that were verified by the VA Center for Verification and Evaluation (VA CVE) prior to January 1, 2023, have automatically received a 1-year extension to their program term (4 years vs. 3 years).

- **One Year Grace Period** - Companies may self-certify through 2023, but must also submit an application to SBA for a final determination.

- **Certification will not be for a specific NAICS code** - SBA’s certification process determines that a business is currently small in at least one NAICS code listed in the firm’s SAM.gov profile. To avoid restricting a certified VOSB/SDVOSB’s ability to expand its operations into new industries, a firm must only qualify under the size standard corresponding to the NAICS code assigned to a specific contract.

- **Final Rule** takes steps to harmonize & simplify definitions of ownership, control, day to day operations, and standard hours across certification programs.

- **OHA handles appeals & protests**

- **Surplus Property Program** is opened to VOSB & SDVOSB businesses.
Benefits of SBA Certification

• The SBA provides small businesses the opportunity to access resources such as training, business counseling, access to capital, and more.

• Most resources such as counseling, training, classes, financial readiness assessments, etc., are offered at little to no cost to all small businesses.

• Certification allows firms the opportunity to compete in the federal marketplace and for sole-source and set-aside contracts. Self-certified firms do not qualify for VA contracting opportunities.
Eligibility

To apply for certification as a VOSB or SDVOSB, a firm must meet the following requirements:

• Owners identified by Veteran Affairs as a veteran and or service-disabled veteran

• Be considered a small business as defined by the size standard corresponding to any NAICS code listed in the business’s SAM profile (SAM registration required).

• No less than 51 percent of the business owned and controlled by one or more veterans.

• For certification as a SDVOSB, no less than 51 percent owned and controlled by one or more service-disabled veterans. For those veterans who are permanently and totally disabled and unable to manage the daily business operations, the spouse or permanent caregiver qualifies.
One-Year Certification Extension

For businesses currently verified by the VA:

• Administrator Isabella Casillas Guzman has granted a one-time, one-year extension to current VOSBs and SDVOSBs verified by the VA.
• The extension allows the SBA to process applications from new entrants into the program and grow the base of certified firms.
• The additional year is added to the existing eligibility period of a current participant.

For new applicants:

• New applicants certified by the SBA after January 1, 2023, will receive the standard three-year certification period.

During the grace period, self-certified businesses have one year to file an application for SDVOSB certification and may continue to rely on their self-certification to compete for non-VA SDVOSB set-aside contracts.

Self-certified SDVOSBs that apply before the expiration of the one-year grace period will maintain eligibility until the SBA makes a final eligibility decision.
Transfer of VA Verified Businesses to SBA

• The transfer of VA verification to the SBA requires nothing from the business owner.

• The SBA is accepting all businesses verified by the VA as SBA-certified.

• All documents and data were transferred via data transfer so that those documents reside in the new SBA system.

• Business owners should verify that the email address used to register a VetCert account is the same email address used in their prior CVE verification. If it is different, contact VetCert Customer Service, 1-800-862-8088.
What Does This Mean for VOSBs and SDVOSBs?

If you are a VOSB or SDVOSB that is VA CVE verified as of the January 1, 2023, transfer date:

• The SBA has granted a one-time, one-year certification extension as of the transfer date for firms verified by the VA prior to January 1, 2023.
• The one-year extension is reflected in the SBA Veteran Small Business search tool.
• If the business applies for and receives recertification during the extension period, their new three-year certification begins from the date of expiration.
• For all verified businesses, as your verification expiration date approaches, you can apply for re-certification through the SBA’s new certification program.

Recertification for all VOSBs or SDVOSBs with a currently active certification will not be an option until a later date in 2023.

• The one-year certification extension serves to mitigate the need for recertification until the option becomes available in the new SBA application program. The SBA will actively communicate when the recertification option becomes available.
Does the Transfer Affect VA’s “Veterans First” Authority?

- There is no effect on VA’s Veterans First contracting authority. VA will continue to implement this policy utilizing the SBA’s certification program and database for verification purposes as of January 1, 2023.

- There is no government-wide VOSB program, but the VA will retain its unique authority to award set asides and sole source VA contracts to VOSBs.

- VA’s database of verified firms will also transfer to the SBA, who will own and maintain the database. VA contracting officers will use the SBA’s database to confirm a firm’s eligibility when awarding VA SDVOSB or VOSB set aside and sole source contracts.

- For all other agencies, SDVOSBs will need to be certified by the SBA to be eligible for set aside and sole source awards.
How Does a Business Prepare for Application?

**Step 1: Determine eligibility.**

- The business owner must be a veteran or a service-disabled veteran as established in Title 38 CFR Part 74 or 13 CFR Part 128.
- Be considered a small business as defined by the size standard corresponding to at least one NAICS code listed in the business’s SAM.gov profile.
- No less than 51 percent of the business must be owned and controlled by one or more veterans.
- For certification as a SDVOSB, no less than 51 percent of the business must be owned and controlled by one or more veterans rated as service-disabled by VA.
- For those veterans who are permanently and totally disabled and unable to manage the daily business operations of their business, their business may still qualify for certification as an SDVOSB if their spouse or appointed permanent caregiver is assisting in that management.

**Step 2: Ensure registration in SAM.gov.** The business MUST be registered in SAM.gov to move forward.

**Step 3: Gather required documentation before beginning the application.** A fact sheet listing required documentation is available at sba.gov/vetcert.
SBA Certification Process Flow

Application Submission
- **Veteran** creates application and uploads required business documents
- **Owners** upload required personal documents and sign VA Form 0877

Intake
- **Intake Analyst** validates basic eligibility requirements
- **Intake Analyst** requests sent to Veterans any documents that need to be sent prior to application phase

Assessment
- **Level 1 Analyst** confirms receipt of all required documents; requests clarifying information as needed
- **Level 2 Analyst** reviews entire application to assess regulatory compliance

Decision
- **Federal Reviewer** reviews final case documents.
- **Federal Reviewer** makes final recommendation to approve or deny the application. Reviews and signs the final determination letter

✓ Less documentation required than previous process
✓ New software easy to navigate
✓ Allows for reciprocal qualification with other SBA qualifying set aside programs.

The MySBA initiative is under development.

What is the vision for MySBA?

– Establishes a centralized/collaborative structure to understand, improve, and unite the customer experience across all SBA programs.
– Intended to provide a single point of access for SBA loans, certifications, counseling, trainings, etc.
– Customer experience is intended to be more customer-centric and easy to use.
– Streamlined processes will align data and customer engagement, reduce redundancies, etc.

Once MySBA is launched, the Veteran Small Business Certification Program will fall under its umbrella.
