

View and Print Side Sewer Inspection Cards

The City of Tacoma has permit records for some, but not all, of the side sewer inspections in the City of Tacoma. The following steps will guide you through viewing and printing side sewer inspection cards, if any exist for a property. If you have difficulties following the steps below or are unable to find inspection cards, contact Environmental Services at (253) 591-5588 for further help.

Step 1 – Visit cityoftacoma.org.

Step 2 – At the top of the page, under **What is the address?** Enter your house number and street name.

Click on the magnifying glass  to submit. If the query results in “No documents found”, try to use a partial street name or verify that the address you are searching is valid.

Step 3 – Under **Inspection Cards** and **Filenames**, select one of the blue links to open the PDF.
