 - Supportive service connections
 - Housing Stability Plan
 - Mental Health and Substance Use Disorder
 - Employment
 - Education
 - Medical
 - Entitlement and Benefits

Inclement Weather Response Plan:

For the 2024 summer inclement weather season for heat and smoke, the City of Tacoma is partnering with Tacoma Libraries, outreach teams (contracted and non-contracted), and volunteers to ensure that unsheltered individuals have access to water and masks, information about cooling centers, and sheltering throughout the city.

The thresholds for activations:

- 85 degrees or higher and/or Air Quality over 101, we supply both unsheltered and sheltered individuals with water and masks depending on need.
- For 90 degrees or higher and/or Air Quality over 151, the City will continue to supply resources, open up cooling, and air quality centers for daytime relief and/or possible nighttime relief for smoke.

The City has worked with our other providers to expand shelter capacity during acute inclement weather events. When temperatures reach the threshold of 85 degrees an additional 100 (total) beds will be made available as listed below:

- Catholic Community Services' Nativity House (702 S. 14th Street) will be providing an additional 80 overflow shelter beds.
- Valeo Vocation (415 S. 13th Street) will be providing 20 overflow beds for young adults 18-24 years of age at the Beacon Young Adult Shelter.
