From Tipline: What is the WA State Tipline Program?

- We envision that the Tipline will provide ways to report safety and well-being concerns to help prevent tragedies and violence.
- It is a service dedicated to serve youth 24 hours a day, seven days a week, 365 days a year.
- It will be available for youth to reach out via text, app, web form or phone call.
- It will be for reports about your safety or well-being, or reports of other individuals who could be at risk to harm themselves or others in your community.
- This program will strive to be trauma-informed, anti-racist, and informed by youth.
- Survey coming in July, requests that the MYCT help spread the word.
