

# Help shape the future of housing in Tacoma

To meet growing demands from the community for increased housing supply, affordability and choice, the City is considering the following proposed actions:

- Allow more housing types throughout Tacoma's neighborhoods

- Strengthen policies and programs to make housing more affordable
- Strengthen anti-racism and anti-displacement policies and programs

We are considering actions to adapt our rules and policies to support the development of more diverse and affordable housing options, along with steps to get neighborhood growth right.
