Steering Group Meeting #1

October 13, 2022
AGENDA

Introductions/Icebreaker

Program overview – What’s the Neighborhood Planning program?

Group discussion: Goals, values, and norms

Group discussion: Steering Group meeting logistics
GOALS

Meeting Goals:

• Get to know each other
• Answer your questions about the Neighborhood Planning Program
• Discuss Proctor Neighborhood Plan values
• Discuss meeting and group logistics
Discussion guidelines for our work together:

- **Respect each other’s time.** As much as possible, please be on time, attend meetings, and come prepared. Listen to each other for understanding.

- **Take space, make space.** Share your ideas, then step back to actively listen. If you’re talkative, remember to step back; if you’re quiet, remember to step up.

- **Expect the best.** When someone says something, assume the best intentions; ask clarifying questions. And keep in mind that sometimes impact is different than intent.

- **Be positive and solution oriented.** Keep moving forward. Be aware of what we can and cannot change.

- **Know that you are valued.** You are making a big contribution to the Proctor neighborhood – thank you!
GROUP NORMS

Reminders for meetings and email:

- Remember to **mute yourself** during presentations or virtual meetings.
- All emails you write to City staff are subject to **public disclosure**. A good rule of thumb: if you wouldn’t want it published in the newspaper, don’t write it in an email.
INTRODUCTIONS AND ICEBREAKER

Introduce yourself (in 60 seconds or fewer!):

- Name
- Connection to Proctor
- Share your "vision" for the future of Proctor
NEIGHBORHOOD PLANNING PURPOSE

The Pilot Neighborhood Planning Program enhances planning and development support to help communities create strong, vibrant, and diverse neighborhoods.
DEVELOPING A COMMUNITY-ENDORSED NEIGHBORHOOD VISION:

- Identify neighborhood strengths and weaknesses
- Increase community capacity and buy-in
- Build partnerships
- Identify potential funding sources/resources
- Create a timeline for implementation
