Subject: Need for Neighborhood-based Cultural Arts Facilities

I reviewed the proposed 2023-28 Capital Facilities list and I could not find any projects that address the needs of our diverse neighborhoods and their cultural contributions. Growth Management requires a plan for cultural inclusion and supporting arts facilities. The proposed facilities list does not address diversity and therefore would not meet the equity threshold endorsed by elected City of Tacoma officials and residents.

Please call me if you have questions concerning this testimonial: 253 365-1921.
