Questions and Answers # 2

Solid Waste Management Downtown Compactor Enclosure Upgrade Project RFB Specification No. ES22-0204F

All interested parties had the opportunity to submit questions in writing by email to Dawn DeJarlais, Senior Buyer by date questions were due. The answers to the questions received are provided below and posted to the City's website at www.TacomaPurchasing.org. Navigate to [Current Contracting Opportunities](#) / *Public Works and Improvements Solicitations*, and then click *Questions and Answers* for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

Question 1: Spec section 011112-1.01.C lists several reference documents which are available for the above referenced project. 011112-1.01.A indicates these documents are available on e-Builder. I would like to request these documents as I am not currently set up on e-Builder for this project as it has not yet been awarded. Please provide the requested documents.

Answer 1: These documents in eBuilder will only be required of the successful bidder for the project. These documents are not needed for the bid proposal.

Question 2: Will the City be providing any laydown area and contractor parking stalls in the City owned parking garage adjacent to Site B at no cost to the contractor?

Answer 2: The laydown/staging area for Site B is shown on the drawings and on the Traffic Control Plan in Specification Section 01 55 26. No additional parking stalls will be available in the adjacent garage to Site B.
