Respondents should consider this information when submitting their proposals.

**Question 1:** Is the estimated \$2,000,000 a per year or throughout a 4 year span.

**Answer 1:** *The estimate is over the life of the contract and based upon historical spend. As an on-call contract, it is likely that the final contract value will differ from this estimate.*

**Question 2:** Will the work be located in Pierce County only or other surrounding counties (King, Mason, Thurston & Grays Harbor)?

**Answer 2:** *The existing contract has not included work in any county other than Pierce and that is the expectation for this contract as well.*

**Question 3:** If awarded the contract, what is the estimated start date?

**Answer 3:** *Final execution is contingent upon governing body approval so it is hard to say. The existing contract has been extended through the end of the year so potentially as late as January 1, 2023 but it is unlikely to be later than that.*
