

**City of Tacoma
Environmental Services
Sand for TAGRO Operations
RFB Specification No. ES21-0022F**

QUESTIONS and ANSWERS

All interested parties had the opportunity to submit questions in writing by email to Ryan Foster by January 29, 2021. The answers to the questions received are provided below and posted to the City's website at www.TacomaPurchasing.org. Navigate to *Current Contracting Opportunities / Services / Supplies / Public Works and Improvements*, and then click *Questions and Answers* for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

Question 1:

On your specification is section 2.01 the acceptable soil texture range is 0.05mm to 2.4mm. which butts off the screen size at 8mm. Then it is stated that up to 20% is allowed to be retained at that size. I just want to clarify that up to 20% retained at the #8 sieve is acceptable.

Answer 1:

Yes, up to 20% retained at the #8 sieve is acceptable
