All interested parties had the opportunity to submit questions in writing by email to Tad Carlson by 3:00 pm on September 27, 2021. The answers to the questions received are provided below and posted to the City’s website at www.TacomaPurchasing.org: Navigate to Current Contracting Opportunities / Services, and then click Questions and Answers for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

Question 1: Can we have more time to respond to the RFP?
Answer 1: No. To be fair and consistent to all parties, we need to stick with the allotted timeframe.

Question 2: How many Lockbox remittance document formats are there? Tacoma Utilities Payments, Tax payments forms, Others?

Question 3: Can we get samples of each of the lockbox remittance documents?
Answer 3: See attached

Question 4: How many PO Boxes does the City of Tacoma have?
Answer 4: There are currently three PO boxes: one for Tax and License, one for Utilities and one for miscellaneous payment.

From Appendix D

Question 5: The City requires that payments be picked up at the designated City of Tacoma Post Office. If we believe that our solution(s) provides a more efficient solution than using your P.O. Box located in Tacoma will our proposal be eliminated from consideration?
Answer 5: We are open to alternative proposal ideas, but historically, council members have wanted to keep the mailing address for payments within the City of Tacoma so they don’t have to answer questions about why payments are mailed elsewhere.

Question 6: What problem does this serialized deposit slip solve? If we propose a different solution for Serialized deposit slips, will our proposal be eliminated from consideration?
Answer 6: We use serialized deposit slips to identify the department whose payments are being deposited. Again, we are open to alternative proposal ideas and such proposals will not be eliminated from consideration.

Question 7: Exceptions are required to be out sorted from the work put back into envelope and sent physically back to client. If we propose our on-line web decisioning solution will we be eliminated from consideration?

Answer 7: You will not be eliminated from consideration if this is in your proposal.

Question 8: Documents and Correspondence: If we propose a different solution for Documents with Correspondence, will our proposal be eliminated from consideration?

Answer 8: You will not be eliminated from consideration if you have an alternative proposal in this area.

City of Tacoma - Tax and License Division
Monthly Gambling Tax Return

Tacoma Municipal Code Title 6 imposes taxes for the act or privilege of engaging in business activities. The amount of tax is computed by multiplying the measure of the tax by the tax rate applicable to the particular business. Business activity is separated into a type of tax classification with a corresponding tax rate, shown on the front of the return. A brief description of each classification is as follows:

Chapter 6A.10 - General Tax Provisions

Penalties and Interest - Penalties and interest are assessed for the failure to file and pay tax returns on or before the due date. The due date is the last day of the month following the end of the reporting period. USPS postmark date will determine the date of filing when a tax return is mailed.

Chapter 6A.60 - Gambling Excise Tax

For-Profit Punchboard and Pull tab - based on the gross income computed by multiplying the number of chances played on said board times the price or value of each individual chance or play.

Amusement Games - based on the gross income computed by multiplying the number of chances played of said games times the price of each individual chance or play. Amounts paid out for merchandise prizes for amusement games may be deducted from the gross income.

If you have Bingo, Raffle, Cabaret or Social Card Room activity please contact Tax & License at 253-591-5252 to determine your tax reporting responsibilities.

Exemptions:
- Persons whose business is taxable under Chapter 6A.40 (Communications Tax), Chapter 6A.90 (Natural or Manufactured Gas Tax) and Chapter 6A.100 (Utility Gross Earnings - Public Utilities).
- Persons whose business is taxable under Chapter 6A.90 (Gambling Tax).
- Licensed insurers and insurance producers are exempt on amounts received relative to the premiums for which the premium tax has been paid to the state pursuant to RCW 48.14.020.
- Gross proceeds from sales of real estate (but not commissions received by agents and brokers which are taxable).

Deductions:
- Cash discounts taken by your purchaser.
- Credit losses actually sustained, if on accrual basis.
- Income derived from business which the city is constitutionally prohibited from taxing under Washington State or United States laws.
- Income from tangible personal property delivered outside the City.

Additional credits are available for first five years if you add a job as described above.

Sales or Transfer of Business - Shall include but not be limited to the following: The adding or dropping of a partner; incorporating, or a sale to another person. Whenever any taxpayer quits business, sells out, exchanges, or otherwise disposes of the business or the stock of goods, any tax payable shall become immediately due and payable. A successor may be liable for any outstanding tax owed.

Chapter 6A.20 - Admissions
Admissions - Admissions tax must be collected on charges for admissions and use of facilities by persons engaged in the amusements and recreation business. The term "places of amusement or recreation" means every place to which a charge is made for admission and every place in which a charge is made for the operating, playing or use of equipment or facilities designed for amusement or recreation. Gross admissions, less the admission tax collected, must be reported under Service Retail classification.

Chapter 6A.30 - Business and Occupation Tax
This Chapter imposes a tax on the act or privilege of engaging in a business activity. The amount of tax is computed by multiplying the measure of the tax by the tax rate applicable to the particular business. Businesses are divided into the classifications hereinafter shown and the measure of the tax and the rate as indicated on the front of return. If you are uncertain of income classification call (253) 591-5252 for determination.

Gross Income - Total gross income includes income generated from business activity in Tacoma and all other locations.

Manufacturing - This classification embraces all activities of a commercial or industrial nature wherein labor or skill is applied by hand or machinery, to materials or ingredients so that as a result thereof a new, different or useful product is produced for sale or commercial or industrial use. The measure is the "value of products manufactured" and the value is determined by the selling price. If products manufactured are used by the manufacturers and not sold, the "value" is the selling price of similar products by others.

Extracting - This is the taking of natural products such as logging, mining, quarrying, fishing, etc. The measure is the "value of products extracted" and the value is determined by the selling price. If extracted products are used by the extractor and not sold, the "value" is the selling price of similar products by others.

Printing Industry - (Report on Line 1: Manufacturing) Generally the phrase "Printing Industry" includes all planographic, relief, and intaglio printing businesses. The measure of the tax is the value of products.

Publicly Owned Road Construction - (Report on Line 1: Manufacturing) The measure of the tax is gross income. This includes a person engaged in the business of building, repairing or improving any street, place, road, highway, bridge, etc., which is owned by a municipal corporation or public subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic.

Retailing - Report under this classification all sales of tangible property consumed and/or for labor and services with respect to installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, etc. as defined in Section 6A.30.030.

Printing and Publishing of Newspapers - (Report on Line 2: Retailing) The word "Newspaper" means a publication or an electronic version of a printed newspaper that shares content with the printed newspaper and is prominently identified by the name as the printed newspaper, offered for sale regularly at stated intervals, at least twice a month, and printed on newsprint in tabloid or broadsheet format, folded loosely together without stapling, glue, or any other binding of any kind. It must be of general interest, containing information on current events, it does not include news forms or other publications devoted to a specialized field. The measure of the tax is gross income.

Wholesaling - Report under this classification the sale of tangible personal property which is sold at retail by a person or service, or is used for personal, family, or household use and which is consumed or not by persons who are not consumers.

Service and Other Activities - This classification includes all activities which are not classified under income from business or service income. The measure of the tax is gross income. Retailing, Manufacturing, Broadcasting activities are taxable under this classification. (See Service and Other Apportioned if activities are conducted in one or more cities as defined in TMC 6A.30.065.)

Service and Other Apportioned - Income apportioned to a city by multiplying service income by a payroll factor (based on payroll within the city), plus the service income factor (based on income producing activity attributable for tax purposes within the city), divided by two, for periods beginning January 1, 2008. Worksheet can be found at http://www.cityoftacoma.org.

Retail Service - Report under this classification the sales of or charge made for personal, business, or professional services, including amounts designated as interest, rents, fees, admission, and other service emoluments however designated, received by persons engaged in activities as follows: (Refer to section 6A.30.030).

International Investment Management Services - A person is considered to be engaged in international investment management services if such person is providing investment management services and/or is a member of an affiliated group primarily in the business of providing investment management services to collective investment funds, and at least 15 percent of the gross income of the person and/or affiliated group is derived from providing investment management services to any of the following: (A) persons or collective investment funds residing outside the United States; or (B) collective investment funds with at least 50 percent of their investment assets located or issued outside the United States.

Small Business Credit - For tax reporting purposes beginning January 1, 2011, a credit is made available to all businesses located in the City whose gross income is $250,001 through $300,000. The credit shall be 90% of the tax due for businesses whose gross income is $250,001 through $260,000, 80% of the tax due for businesses whose gross income is $260,001 through $270,000, 70% of the tax due for businesses whose gross income is $270,001 through $280,000, 45% of the tax due for businesses whose gross income is $280,001 through $290,000 and 25% of the tax due for businesses whose gross income is $290,001 through $300,000.

Multiple Activities Tax Credit - A multiple activities tax credit will be allowed when the taxpayer is a printer, manufacturer or extractor and has activities that take place in one or more cities with eligible gross receipt taxes. (Refer to section 6A.30.070).

Job Credits - You can receive a $500 B&O tax credit every year for five years if you: Add an additional full-time position to your Tacoma workforce; Pay that new employee at least "Family Wage" as developed by the Washington State Employment Security Department, no matter what kind of job it is; Keep that new position for at least five years (if your employee leaves the position, you have three months to refill it without any reduction in the credit).

Additional credits are available for a total of up to $1,500 every year for five years if you add a job as described above.

- Get an extra $500 B&O tax credit if the employee that fills the new position is a Tacoma resident.
- Get an extra $250 B&O tax credit if you do business in international services, such as computer services, engineering, business consulting or other ventures that reach outside the country's borders and add the new job to your workforce in Tacoma within the empowerment zone or "distressed areas", areas of high poverty and unemployment, as defined by the Washington State Department of Revenue. (For more information, call Washington State Department of Revenue's Telephone Information Center at 1-800-647-7706)

Maintain records that show the growth in your employment base in Tacoma. Take the credit against your City of Tacoma taxes each year and attach a supplemental information sheet.

Business and Occupation Tax Exemptions and Deductions - The law allows certain exemptions and deductions under the Business and Occupation tax classifications. Some of the more common exemptions and deductions are listed below. See section 6A.30.000 and 6A.30.100 for the complete list.

Exemptions:
- Persons whose business is taxable under Chapter 6A.40 (Communications Tax), Chapter 6A.90 (Natural or Manufactured Gas Tax) and Chapter 6A.100 (Utility Gross Earnings - Public Utilities).
- Persons whose business is taxable under Chapter 6A.90 (Gambling Tax).
- Licensed insurers and insurance producers are exempt on amounts received relative to the premiums for which the premium tax has been paid to the state pursuant to RCW 48.14.020.
- Gross proceeds from sales of real estate (but not commissions received by agents and brokers which are taxable).

Deductions:
- Cash discounts taken by your purchaser.
- Credit losses actually sustained, if on accrual basis.
- Income derived from business which the city is constitutionally prohibited from taxing under Washington State or United States laws.
- Income from tangible personal property delivered outside the City.

Deductions claimed in column 3 must be explained in the space provided. Unexplained deductions will be disallowed and assessments issued for tax deficiency.

6. Enter **Payroll factor** (divide line 4 by line 5)

## III. Calculate Service Income Factor

7. Enter total City of Tacoma service gross receipts if the customer location is in Tacoma
8. Enter total worldwide service receipts less any excludable income (if any)
9. Enter **Service income factor** (divide line 7 by 8)

## IV. Calculate Tacoma Taxable Service Receipts

10. Enter **Total apportionment factor** (add lines 6 and 9)
11. Divide line 10 by the number 2 enter amount on this line *
12. Enter **Tacoma taxable service receipts** (multiply line 3 by line 11)

*If a business has no employees in any location, such as a sole proprietorship without any employees, then the payroll factor is zero and the apportionment reverts to a single factor formula using the service factor only. In this case divide the service factor by 1.

**What is the Service Income Apportionment Supplemental Worksheet?** A worksheet that uses a two-factor formula to determine how income taxable under the city's service and other B&O tax classification is apportioned between multiple locations when a taxpayer is engaging in business in more than one jurisdiction.

**Who should complete the apportionment worksheet?** Only those taxpayers that earn gross receipts from activities subject to a city's service and other B&O tax classification and who have a taxable presence in more than one jurisdiction.

Tax Periods Beginning January 1, 2020*

*Instructions for prior tax periods can be found at cityoftacoma.org/taxandlicense

House Bill 1403 (2019) changed how Cities in Washington state source service receipts by changing the definition of "customer location" moving to a market-based sourcing method. The new sourcing method also excludes income from the denominator when some of the apportionable activity is performed in the City and the taxpayer is not taxable in the customer location.

I. Apportionable Gross Service Receipts

Line 1: Worldwide Service Receipts. Enter the total worldwide gross service receipts for your business.

Line 2: Deductions. Enter any allowable deductions per the Tacoma Municipal Code.

Line 3: Apportionable Service Receipts. Line 1 less Line 2.

II. Payroll Factor

Line 4: Payroll Factor Numerator. Enter total payroll in Tacoma. Your total payroll in Tacoma is the sum of:

a) Total payroll for employee(s) whose assigned office or workstation is located within Tacoma;

b) Total payroll for employee(s) who are not primarily assigned to any place of business for the tax period and that individual performs fifty percent (50%) or more of his or her service for the tax period in Tacoma; and

c) Total payroll for employee(s) not primarily assigned to any place of business for the tax period, and the individual does not perform fifty percent (50%) or more of their service in any city, but that person resides in Tacoma.

Line 5: Payroll Factor Denominator. Enter total payroll for employees everywhere.

Line 6: Payroll Factor. Line 4 is divided by Line 5. (Note: If the business has no employees, then there is no payroll factor. If there are no employees within Tacoma but there are employees elsewhere, then the payroll factor for Tacoma is zero.)

III. Service Income Factor

Line 7: Enter the total service gross receipts if the "customer location" is in Tacoma. "Customer location" means:

1) For a customer not engaged in business:

   a) If the service requires the customer to be physically present, where the service is performed.

   b) If the service does not require the customer to be physically present:

      i) The customer’s residence; or

      ii) The customer’s billing/mailing address if the customer’s residence is not known.

2) For a customer engaged in business:

   a) Where the services are ordered from;

   b) At the customer’s billing/mailing address if the location from which the services are ordered is not known; or

   c) At the customer’s commercial domicile if none of the above is known.

Line 8: Enter the total worldwide service receipts everywhere less any excludable income in which some of the activity is performed in Tacoma and the taxpayer is "not taxable" in the City or County of the customer location. (If there is no income excluded from the denominator, Line 1 will be the same as Line 8. If there is income excluded from the denominator, Line 8 will be less than Line 1).

"Not taxable" means that the taxpayer is not subject to a business activities tax by that jurisdiction, except that a taxpayer is taxable in a City or County in which it would be deemed to have a substantial nexus under the standards in RCW 35.102.050 regardless of whether or not that City or County imposes a business activities tax.

Line 9: Service-Income Factor. Divide Line 7 by the amount in Line 8. This is the income factor percentage.

IV. Tacoma Taxable Service Receipts

Line 10: Total Apportionment Factor. Add the Payroll Factor (Line 6) and the Income Factor (Line 9).

Line 11: Percentage of Service Income Apportioned to Tacoma. Divide Line 10 by the number 2. (If the business has no employees, the Total Apportionment Factor is divided by 1).

For the period: 1st Quarter 2008 to 4th Quarter 2008.
