**Question 1: Concern was raised during the meeting today regarding the EIC requirement as a condition of award. This project is pretty small in scope, and most of the Contractors at the pre-bid would self perform all of the work. Please clarify if the EIC Requirement is a condition of award or not.**

**Answer 1:** Contractors bidding on City of Tacoma projects are required to meet the stated EIC requirements. **A contractor who fails to meet the stated EIC requirements will be considered non-responsible.** Bidders are also subject to the City's Equal Employment Opportunity policies prohibiting discrimination.
