

**City of Tacoma  
Tacoma Public Utilities / Tacoma Water  
2021-2022 Tacoma Water Laboratory Services Contract  
RFB WQ20-0361F**

**QUESTIONS and ANSWERS**

All interested parties had the opportunity to submit questions in writing by email to Samol Hefley. The answers to the questions received are provided below and posted to the City's website at [www.TacomaPurchasing.org](http://www.TacomaPurchasing.org): Navigate to *Current Contracting Opportunities / Services*, and then click *Questions and Answers* for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

**Question 1:** Do you know what methods you are needing for Synthetic Organic Chemicals on Item 3 on the Bid proposal sheet. We are assuming Pesticides 525.2 and 514.4 Herbicides.

**Answer 1:** Herbicides and pesticides are correct.

The method is only limited by Washington DOH/Ecology accreditation/approvals for drinking water. I do see that 514.4 is approved in Washington per the ecology on line listing/look-up table.
