while reducing the reliance on a single return driver. Throughout the discussion, they addressed questions from the Board.

Quarterly Investment Report - The Retirement Board and Investment Advisory Committee received the Executive Summary – 1st Quarter 2024 from Wilshire Advisors in electronic format. Wilshire’s Felicia Bennett, provided a comprehensive market commentary, highlighting a strong quarter for U.S. equities which saw an increase of nearly 10% over the past year, and nearly 30% in the trailing twelve months. She reviewed numerous data-driven slides concerning inflation, interest rates, and the Federal Reserve’s market expectations. Wilshire’s Brian Bubrick reviewed the plan’s asset allocation and noted all asset classes remained within their rebalancing bands. Ali Kazemi then proceeded to review TERS’ performance vs the plan sponsor peer group and discuss individual manager performance in the core bond and global equity asset classes. All questions from the Board were addressed.

<Break - the Board agreed to a short 5-minute break and reconvened at 11:30 am>

Milliman, January 1, 2024 Actuarial Valuation - Daniel Wade and Julie Smith

Milliman’s Daniel Wade, started their presentation with a general explanation of actuarial concepts, ensuring a clear understanding of the subject matter. They also reviewed the principles of how a pension’s funding is accomplished, complementing the discussion with relevant diagrams. Milliman’s Julie Smith, then elaborated on the purpose of actuarial valuations, and outlined a number of key components to calculating TERS’ actuarial liability. The main conclusion was that TERS’ actuarial funding ratio was 97.2%. All questions from the Board were addressed.
